Thanks for your interest in our music.

Q: How long have we been performing?

A: Tom and Val have been developing a repertoire of complex music since winter of 2005 with regular public performances at various "open mic" venues in the region. They debuted as professional musicians in spring of 2007 with gigs at weddings, private parties, special events, and dining establishments.

Q: How would we describe our sound?

A: Val's compelling alto vocal tones resonate with Tom's percussive bass-driven guitar chord melodies yielding a rich soulful sound we think will engage and touch people.

Q: Does the group consist only of Tom and Val?

A: Tom and Val are a duo, but we are able to add musicians on clarinet, bass, latin percussion, and back-up vocals for a band sound. Tom also is available to play solo instrumental guitar.

Consider Tom & Val for:

- **Dining Accompaniment** – food tastes better with good music
- **Bars, Clubs, Lounges** – wine tastes better with good music
- **Multi-Act Concerts** – alternative to blue-grass and cowboys
- **Opening Act** – warm-up before big-name performers
- **Special Events** – fundraisers, parties, gallery openings
- **Songwriting and Arrangements** – let us write you a song
- **Ad/Film Scores** – we can tailor music for your film
